ECOMAX G404 COMPACT GLASSWASHER

The fast and reliable glasswasher in compact design. Perfect for start-ups, small bars or restaurants.

FEATURES

- Electronic control with digital temperature indication for easy operation
- Rotating wash and rinse arms for an even water distribution
- Indented nozzles prevent blocking
- Integrated counter for cycles and water consumption, e.g. for control of water treatment system
- Deep drawn rack track for easy cleaning
- Incl. connection cable, supply and drain hose for immediate operation
- Thermostop function for guaranteed temperatures
- Self flushing programme to maintain hygiene within the machine
- S Version fully equipped with rinse pressure pump, class A air gap, both models with detergent and rinse aid dispenser and drain pump.

ECOMAX PLUS G403 COMPACT GLASSWASHER

The compact glasswasher for hotels, bars and restaurants, which are washing more than hundred glasses a day.

plusFEATURES

+++ additional to ecomax +++

- + Deep-drawn wash tank for easy cleaning
- + Better energy efficiency saves operating costs
- + Double-walled housing and heat insulated front door for reduction of noise and energy losses
- + Tank strainer, coarse filter and pump suction casing secure safe operation
- + Door damping control for long life operation
- + Fully equipped with rinse pressure pump
- + Optional cabinet base for ergonomic operation

ECOMAX G504 GLASSWASHER ECOMAX F504 DISHWASHER

With a high capacity of up to 60 racks per hour, this dishwasher is a reliable partner for club houses, bistros, and fast-food restaurants. The practical floor unit fits under every work counter.

FEATURES

- Electronic control with digital temperature indication for easy operation
- Rotating wash and rinse arms for an even water distribution
- Indented nozzles prevent blocking
- Integrated counter for cycles and water consumption, e.g. for control of water treatment system
- Deep drawn rack track for easy cleaning
- Incl. connection cable, supply and drain hose for immediate operation
- Thermostop function for guaranteed temperatures
- Self flushing programme to maintain hygiene within the machine.
- Tank strainer reduces soiling of the tank water
- Optional cabinet base for ergonomic operation
- Fully equipped with rinse pressure pump, class A air gap, detergent and rinse aid dispenser and drain pump.

ECOMAX PLUS G503 GLASSWASHER **ECOMAX PLUS F503 DISHWASHER**

Due to the high wash power, the double-walled housing and the robust filter systems, it is the quiet and resource-saving solution for your busy workaday life.

plusFEATURES

+++ additional to ecomax +++

- + Deep-drawn wash tank for easy cleaning
- + Better energy efficiency saves operating costs
- + Double-walled housing and heat insulated front door for reduction of noise and energy losses
- + Coarse filter secures safe operation
- + Door damping control for long life operation
- + Fully equipped with rinse pressure pump

ECOMAX H602 HOOD-TYPE DISHWASHER

The dishwasher for ergonomic and efficient work processes in the kitchen. Combined with tables, it is a powerful partner for the catering and hotel sector.

FEATURES

- The 4-sided closed hood keeps energy and humidity in the system and saves up to 3 kW energy
- Deep-drawn wash tank for easy cleaning
- Rotating wash and rinse arms for an even water distribution
- Indented nozzles prevent blocking
- Incl. connection cable, supply and drain hose for immediate operation
- Thermostop function for guaranteed temperatures
- Self flushing programme to maintain hygiene within the machine
- Fully equipped with rinse pressure pump, detergent and rinse aid dispenser and drain pump.

ECOMAX PLUS H603 HOOD-TYPE DISHWASHER

The dishwasher for ergonomic and efficient work processes in the kitchen. Combined with tables, it is a powerful partner for the catering and hotel sector.

plusFEATURES

+++ additional to ecomax +++

- + Stronger wash pump for best wash results
- + Shorter cycle times for higher capacities
- + All around ergonomic handle

* For machine protection the water hardness should not exceed 3°dH, if higher we recommend using an integrated water softener or an external water treatment system.

** For use of an external water treatment system, an integrated rinse pressure pump is necessary.

*** Necessary flow pressure without rinse pressure pump: 2 - 6 bar. Flow pressure with integrated rinse pressure pump: 0.8 - 6 bar.
